under the auspices of

# International Society for Energy, Environment and Sustainability (ISEES)

## XI International Conference

on

## SUSTAINABLE ENERGY AND ENVIRONMENTAL CHALLENGES (XI SEEC)

## 16th – 19th December, 2026

### About the Conference:

The XI SEEC conference aims to foster research and outreach in sustainable energy and environmental sciences through scientific discussions and presentations. It will unite experts across disciplines to address emerging challenges from agriculture, industry, urbanization, and climate change. The platform encourages collaboration among scientists, engineers, and researchers to find solutions relevant to developing countries.
